

The Sigma **TATTTLER**

A Publication of Sigma Chapter of Theta Chi at Oregon State University

361 NW 26th St.

Corvallis, Oregon 97330

Summer 1986

Our 1986 all-house photo with a '50s theme.

From the President

Sitting back in my pseudo-leather desk chair, I chance to ponder the earthshaking revelation of what exactly the alumni would like to hear.

Well, we're number one in grades! How about number one in intramurals? I could even say that Theta Chi had the largest philanthropy on campus. Nah, that would be far too easy.

What's that you say? We're not number one? I could have told you that. I hope that just because we may not consistently be number one in everything, that doesn't make the love you have for Theta Chi any less.

In my humble opinion, the men of Theta Chi have carried on the Theta Chi tradition in the fraternity, on campus, and more importantly, in their hearts. Most events run on a cycle and I know that before I leave, Theta Chi will be number one in one or more of the above situations.

For those of you who remember what it was like to sit back on a warm night after Chapter and marvel at the closeness of your brotherhood, you are sitting with me and our brotherhood. Take a minute and remember. Remember and don't forget. I won't. Fraternally, — Peter O'Loughlin, President

Thoughts from a Graduating Senior

As I sit and thumb through my scrapbooks, which are a collection of memories of my past four years at Oregon State, only one question comes to mind. What would my life have been like without the influences of Theta Chi? Prior to my becoming a part of this fraternity, I could only make mere attempts at building a foundation of values which a strong character is built upon. However, even as soon as after my pledge keg I could feel this character developing. I was becoming a person I so much wanted to be.

I stop to think a moment about my pledge keg. It seems epochs ago. Where could I ever again experience such a strong feeling of belonging in such a short amount of time? I can remember feeling the closeness of the people. At this point, they were only that. Later, they would become my brothers.

The next few months within our house were spent learning about the history of Theta Chi and what it meant to be just that. But most importantly, I learned about "the three T's," Truth, Temperance, and Tolerance. These three ideals guided me more than any other in building the character I speak of.

Finally, after all the hard work, I was given the opportunity to prove my desire to be a brother. How could I ever forget that

Thursday night, the beginning of my initiation? The process I'm sure has changed, but the rituals have remained the same for over 130 years. We've all experienced it, and for that very reason we are brothers.

And now, I sit on the threshold of the unknown, ready to begin a new chapter of my life. I can only reflect on my experiences and hope that what I have learned here will drive me into the future. Thank you, Theta Chi, for all you've given me. For it was you who made me who I am. Fraternally, — *Jim Crystal, Graduating Senior*

Sigma Chapter Adds 27 to Rolls

Sigma Chapter Again Financially Stable

As some of you alumni might already know, in 1985 Sigma Chapter fell into a large deficit which consisted of over \$10,000 in accounts payable. We are not sure how this occurred and speculation is not in the best interest of our brotherhood, but due to the combined efforts of our undergraduate brothers, and the guidance of our alumni advisors, we were able to eliminate the deficit entirely.

This problem we were faced with was a serious one. Others felt we were on our way down and that it would take years to once again achieve financial stability. However, we refused to accept these beliefs and because of the pride we share in ourselves, and most importantly, in our fraternity, we achieved financial stability in less than one year. We are determined to carry on the traditions of Theta Chi and its ideals which have been passed down from each one of you to each one of us. Fraternally, — *Jon P. Bettendorf, Treasurer*

The chapter executive officers pictured above are, front (l-r): John Bettendorf (treas.), Pat Andrew and Chris Mike (rush chairmen), and Darin Loesch (librarian); middle: Pat Hennessey (IFC chairman), Peter O'Loughlin (pres.), Jim Van Horn (sec.), and Matt James (pledge marshal); back: Bryan Bullock (alumni rep.), Mike Hamersly (vice pres.), Chris Henningsen (house manager), and Mark LaPlante (social chairman).

IFC singers relax before the show.

IFC Sing: A String of Victories

Once again spring term has passed and for the third consecutive year, Theta Chi walked away with the first-place

trophy for IFC Sing. For all you trivia buffs, that was our fifth first-place finish in the last six years. This year we had the pleasure of performing with the ladies of Delta Gamma as we sang and danced our way to the top.

This show was comprised of a medley of songs from "Hello, Dolly!" and included such greats as "Before the Parade Passes By," "It Only Takes a Moment," "Dancing," "So Long, Dearie," "Put On Your Sunday Clothes," "Ribbons Down My Back," and, of course, "Hello, Dolly!"

This year's performance did have one big difference from past shows — the crowd! As during past Moms' Weekends, the moms showed up in force. This year, though, the dads, brothers, sisters, grandparents, and even alumni did as well. This huge group of supporters pushed the performers to excel above the competition. We truly appreciated the support.

Song leaders were Tim Sheerin, Stef Smith, and Louisa Bogar. Choreographers included Tim, Stef, Pete Roudnev, Tom Grewe, Kim Handel, and Stacey Montgomery. These people, as well as all the performers, put a great effort into the show and helped develop it into one which followed in the tradition of great IFC Sing performances. Fraternally, — *Tim Sheerin*

Jensen Attends Conference

In August of 1984, I attended the biennial conference of Theta Chi Fraternity in Scottsdale, Arizona. It was the first time that I had attended a conference since attending the one in Atlanta, Georgia, 30 years prior to this time. At the time I went to Atlanta, I was president of Gamma Tau at Drake University, Des Moines, Iowa.

It was a very memorable and educational event. Five undergraduate members of Sigma Chapter attended that same meeting in Scottsdale. During this time, the six of us became better acquainted, better friends, and better brothers. I had been asked by the chapter to represent Sigma as the alumni representative.

It was a very busy time of year for me to take time and spend the funds necessary to attend that particular function. I had decided that I would attend. The alumni group then had a meeting and elected to give me \$500 to help defray the cost I might incur. This was a very unexpected but welcome incentive to attend the meeting. Attending the sessions and meeting new people was a very memorable time and event. It was a time of reminding me that brotherhood exists in Theta Chi. I imparted to the undergraduate chapter and to the alumni group the information I received during those sessions.

One of the points I stressed was that the next session should be attended by more people. I proposed to the undergraduate chapter that \$1.00 per member per month be set aside to attend the next meeting.

Purdue University had 16 men at the conference in Scottsdale. The money we set aside could assure more people of attending from Sigma Chapter. I also stressed to the alumni group that money should be set aside so that people could attend from their association. The Sigma Alumni Association has proposed to match funds from the undergraduate chapter up to \$1,000 so that undergrads might attend this year's conference in Philadelphia. — *Lon Jensen, Chapter Advisor*

Our new pledges are (l-r): **Bob Beals (Roseburg)**, **Bill Arnold (Ventura, CA)**, **Alex Aretakis (Manteca, CA)**, and **Curt Byers (Roseburg)**.

John Miller was Big Man on Campus candidate for Theta Chi in the philanthropy sponsored by ADPI.

Tattle Tales

PLEASE NOTE: The majority of these news notes were written in November or December of 1985 and should be read with that in mind! — Editor

Charles E. Taylor, '17-33, is retired and lives with Esther (ΓΦΒ) at 1615 Circle Dr., #205, Lacey, WA 98503. They have a daughter, Joan Spencer, and Charlie notes, "Esther and I are still on our feet but move slowly. Not bad for 87 years."

Arnold Z. Greenlaw, '32-187, shares, "My wife, Elsie Ann, passed away August 19, 1985, after 49 years, 11 months, and 6 days of marriage." Arnold is retired and dwells at 6925 Le Havre Way, Citrus Heights, CA 95621.

Jesse N. Butler, '36-225, was featured in an April 15, 1986, article in the *Oregonian*. Brother **Bob Jensen, '37-240**, sent the article, which follows verbatim: ". . . Retired Army Col. Jesse Butler has been named the 1986 recipient of the American Planning Association's national award for distinguished leadership in volunteer planning . . . Butler, 69, is a role model for volunteerism. His many achievements and successes in Central Oregon's climate of rapid growth demonstrate that a citizen government works if the unpaid volunteer citizen is willing to donate the time and sweat.

"Butler, who spent 30 years in the Army medical corps, has served since 1975 as a volunteer economic development planner and grant writer for the Central Oregon Intergovernmental Council. His accomplishments include writing grant applications that netted Redmond a \$700,000 award to create its airport industrial park, leading to Tektronix's decision to buy a 100-acre parcel there; a \$480,000 grant for water, sewer, and road improvements for Prineville's first designated industrial area; a \$500,000 grant to provide northerly access to Bend's Boyd Acres Industrial Area; and a \$110,000 grant to increase fire protection through water line improvements at Madras Industrial Park.

"Butler also is the researcher, writer, and editor of the annual Central Oregon Economic Development Plan — an effective and successful blueprint that has steered Deschutes County's growth. The national award recognized Butler's dedication to the planning field, but it does not make another important point: There are too few Jesse Butlers around these days when Oregon needs them most. His exemplary public service, without pay, deserved recognition and, most of all, the emulation by other public-spirited citizens throughout Oregon." Jesse makes his home at 1079 SW Canyon Dr., Redmond, OR 97756.

Kenneth O. Wilson, '36-226, an assistant reg. forester for 43 years, is employed by the US Forest Service. He notes, "Just returned from a nice trip to British Isles. We will probably go to

Palm Springs later this winter [1985]. "KO" enjoys golf, gardening, and travel. He and Eleice have two children, Gregory (37) and Robert (35), and reside at 3110 SW Florida, Portland, OR 97219.

Gordon P. Lowe, '39-259, a retired electrical engineer, dwells with Clarkia (Corky) at 621 E. Lake Sammamish Pkwy. NE, Redmond, WA 98053. He notes, "Clarkia and I took a two-month auto camping trip to Maine and back enjoying the sights and historical places along the way this spring. Later, I enjoyed the unusually warm summer backpacking in the Washington Cascades."

Robert E. Yates, '39-264, has been with the Simpson Timber Co. for 18 years and was a senior electrical engineer. He notes, "I am retiring on December 31. Planning a three-month trip in the motor home to southern California, Arizona, and Texas to look for a warmer, dryer place to live. Will do some part-time consulting." Bob is a member of Kiwanis and is involved in church and motor homing. He and Vicki are the parents of Christina (15) and Tanya (13) and live at 416 N. 12th, Shelton, WA 98584.

Robert C. Gorbould, '39-267, is retired from working at a service station and as a real estate broker. He and Kathleen have five children, "all doing fine." They live at 281 Covina Ave., Long Beach, CA 90803.

Robert A. Loeffler, '40-292, writes, "I've enjoyed the new enthusiasm that has been recently felt by the fraternity and I have enjoyed the booklet of all the old members and their addresses. I am fully retired and enjoying it." Bob's address is 1856 Harvest Rd., Pleasanton, CA 94566.

George M. Epperson, '41-301, Lt. Colonel, USAF Retired, shares, "I was recently elected president of the California Chapter, Eighth Air Force Historical Society, and with duties as staff member of Retiree Activities Office at March AFB. I'm not at a loss for things to do. Had a nice talk the other day with **Bob Shaw** ['39-262] and his wife, Maxine, on the occasion of his retirement. Hope he moves to Oregon. Perhaps he could coach the OSU football team now that the Baghwan is out of the running. Delighted to see that Kelly Reynolds from Klamath Falls pledged. It proves that at least someone from there used good judgment. Warmest regards to all." George and Phyllis (ΑΓΔ, OSU) are the parents of Carolyn (39), Janice (39), and Robert (32). They live at 2369 Oak Crest Dr., Riverside, CA 92506.

G. Gordon McCallum, '45-400, wrote in September '85, "Just recovering from a fire. The TV blew up, wrecking the apartment and killing my wife. Things are just about back to normal. Quite an experience." Gordon resides at 1520 Jubilee Ave., #201, Victoria, BC, Canada V8R 4N3.

Earl W. Hannen, '49-503, is a real estate broker and firm owner (The Hannen Co. Realtors). He and Elizabeth (Montana) have three children, Steven (32), Michael (29), and Cheryl (28). They reside at 1100 Reddy Ave., Medford, OR 97501.

George H. Caspar, '54-587, is an ophthalmologist and writes, "I am active in medical affairs — past president of Multnomah County Medical Society (1982) and president-elect of Oregon Medical Assoc." George is recently divorced. His children are Sally (19), John (16), and Andrew (13). They make their home at 4844 NW Barnes Rd., Portland, OR 97210.

Norman L. Myers, '55-604, writes, "I retired in 1981 as supervisor of industrial education from the California State Dept. of Education and started shop only as a hobby. I spend more time now working than before — have become very special with custom furniture and cabinets." Norman is owner of Creative Custom Woodcraft (custom furniture). He is involved in master swimming and ranked in the top 10 in the U.S. in the 100-and 200-meter breast stroke. Norman's sons are Lance (29, engineer for Air-O-Jet), Callan (28, deep-sea diver, US Navy),

and Danan (grad. student at CSUS). He lives at 2855 58th St., Sacramento, CA 95817.

Steven E. Wall, '66-781, informs, "I was recently promoted to Lt. Colonel. I am still an F-16 fighter pilot, but now stationed at Luke AFB in Phoenix, AZ, flying the new F-16C Variant. I am now a bachelor again, so stop in and say 'hi.' Phone (602) 978-8857." Steve's address is 5020 W. Thunderbird Rd., #226, Glendale, AZ 85306.

Steven L. Sollars, '67-801, comments, "The US Army transferred me to Ft. Lewis this summer where I am the NCOIC of the in-patient IV additives pharmacy at Madigan Army Medical Clinic. It's great to be back in the Pacific Northwest after 13 years. I'm looking forward to catching one of the alumni games, as well as getting in some much-missed hunting and fishing." Steve is advisor to the Washington Tourette Syndrome Assn., assistant scoutmaster for his son's Boy Scout troop, and is very active in St. Nicholas Orthodox Catholic Church. He and Candy have two children, Tony (12) and Rachele (10), and live at 8192 Dallas Pl., Ft. Lewis, WA 98433.

R. Andrew Batzer, '75-938, informs, "I worked in Saudi Arabia for one and a half years after graduation. Then moved to Salt Lake City for two years and married my high school love. I returned home to Medford three years ago to work in my family's construction company. Most recently, we have bought a home in Jacksonville and are expecting our first child in March [1986]." Andy is co-owner of Batzer Construction. He and Annette (U of O Health Sciences Univ.) reside at 515 S. 5th (PO Box 453), Jacksonville, OR 97530.

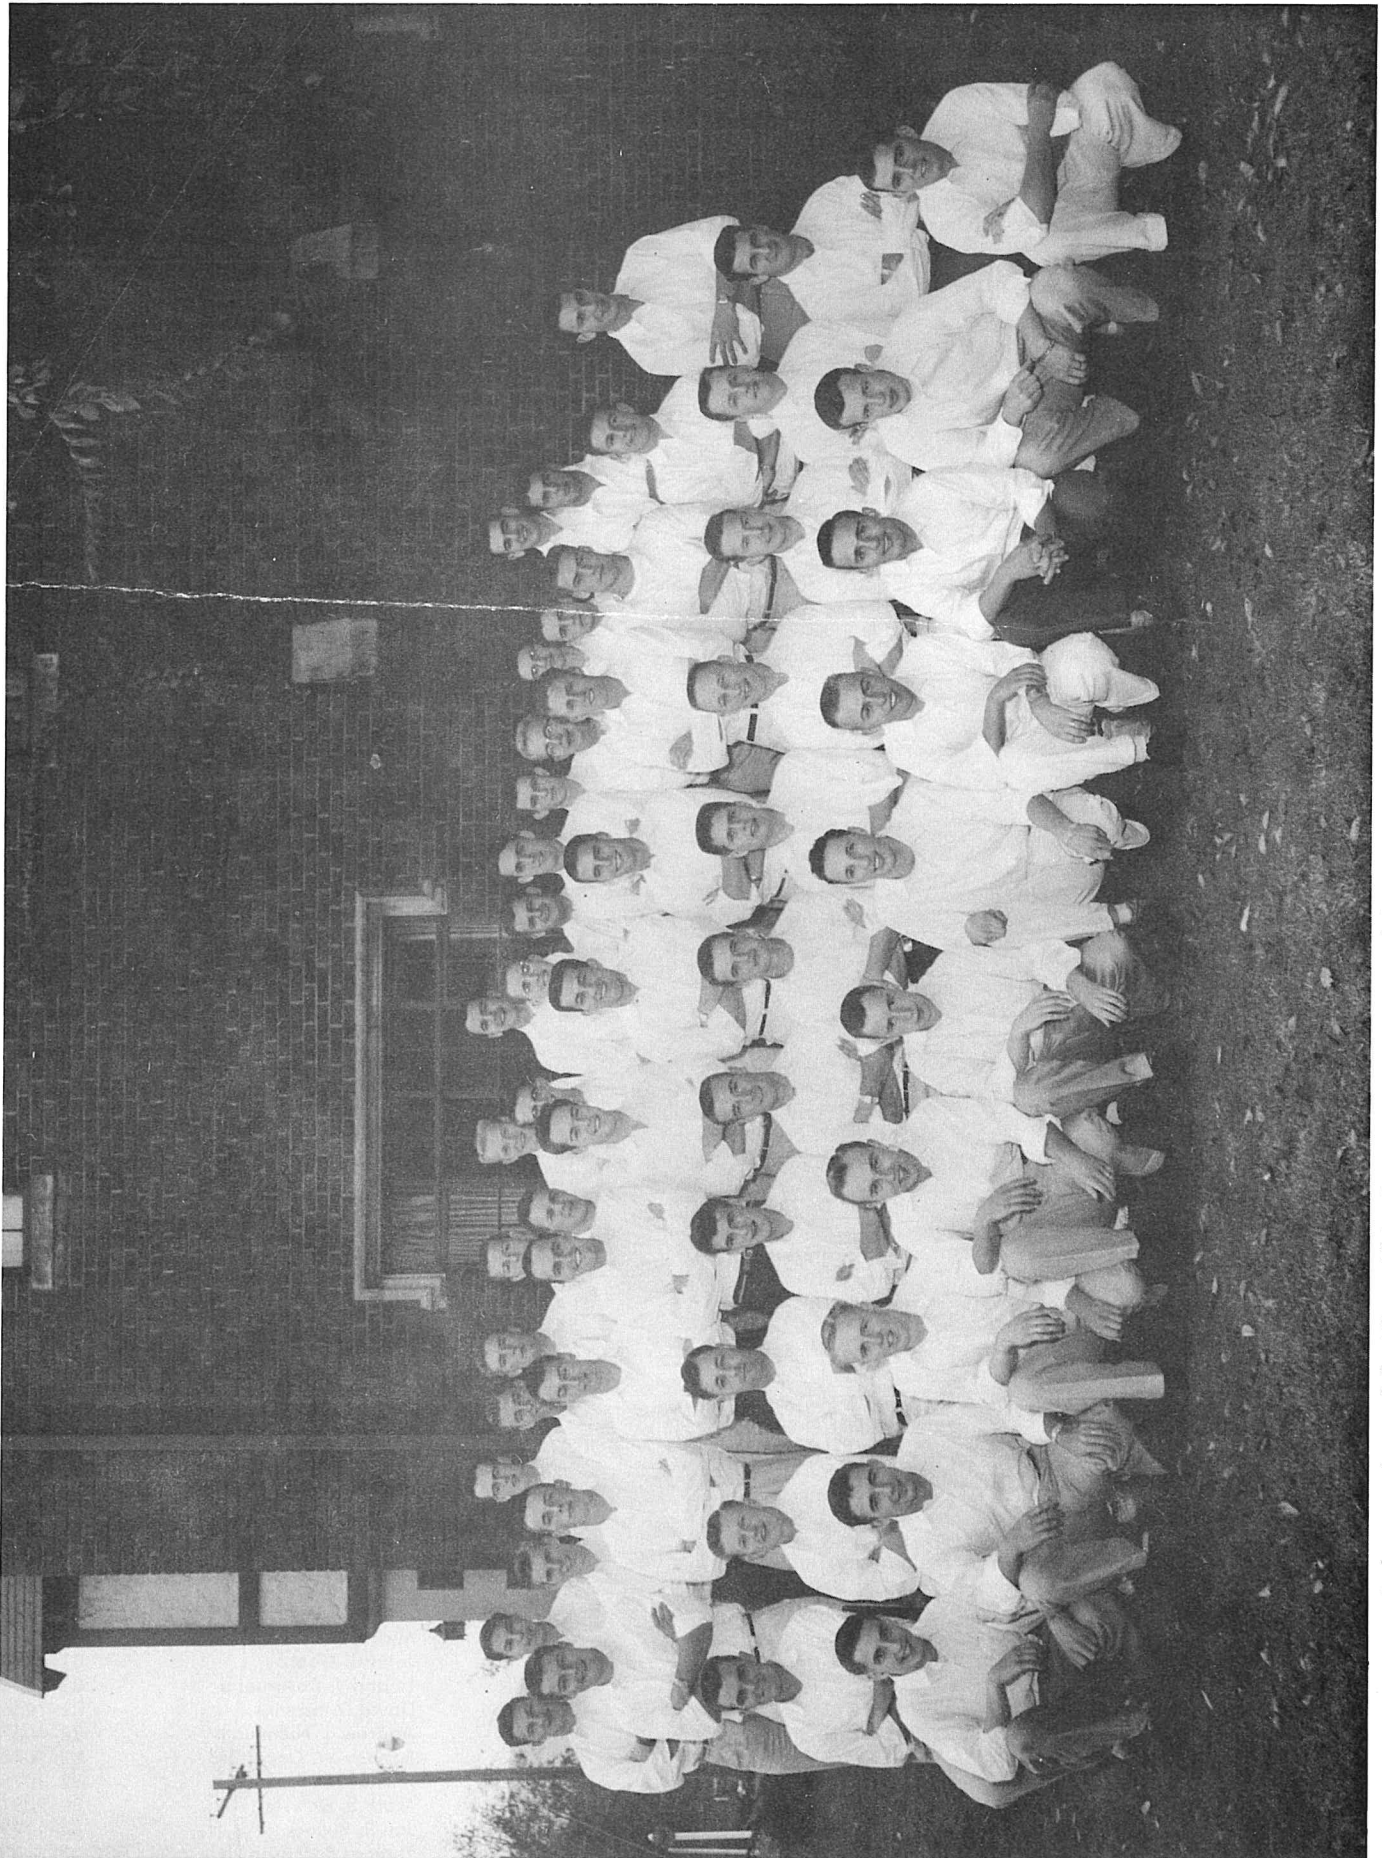

Robert A. Morris, '75-944, is retired and notes, "We have spent the winter in Sun City, AZ, and will be back in Nebraska the last of Feb. I want to thank everyone for the love and respect you have shown 'Mrs. M' the past fifteen years. She loved all of you and the fraternity house was her life. Please keep in touch. We miss you." Robert and Mrs. "M" receive mail at Box 551, Mullen, NE 69152.

Timothy M. Good, '76-957, is a manufacturer's representative for Systems Service Corp. He writes, "I have new responsibilities as sales manager for South Carolina. I drive about 1,000 miles a week. At least I see a lot of the countryside." Tim is involved in Jaycees and enjoys hunting and "Rambo guns." He and Nancy (ΧΩ, OSU) have a son, Ryan (1 1/2), and live at 208 Bendingwood Cir., Taylors, SC 29687.

Jeffrey P. Ryman, '80-1028, informs, "After almost two years in Pensacola, Florida, I am finally in southern California. I am now a full-fledged helicopter pilot and a 1st Lt. in the US Marine Corps. I saw a big group of Oregon Staters and Theta Chis at the UCLA-OSU football game this fall and it is great to know so many are down here. If you are in the area, get in touch (714) 838-4526." Jeff lives at 14802 Newport Ave., #25D, Tustin, CA 92680.

Steven L. Thompson, '80-1033, notes, "I have been studying for a real estate license in California. I hope to work part time. I've met a lot of people in southern California. Bought a new motorcycle and have been exploring this end of the state. I love my job working in industrial engineering support for the production line building DC-9 jets." Steve is employed by Douglas Aircraft and lives at 2110 Hess Cir., #2, Huntington Beach, CA 92648.

Mark S. Dowsett, '82-1081, is a Portland city soccer league player and a member of the Oregon Junior Advertising Club. He shares, "Currently, I'm acting as the location producer to a number of clients including Fred Meyer, Pay Less, and Meier & Frank. We've also done some recent work with music videos. It's exciting and the women are gorgeous!" "Dewey" works for Mincey Productions, Inc., as a line-producer and lives at 9900 SE Lawnfield Rd., #16, Clackamas, OR 97015.

A chapter photo of the Theta Chi of yesteryear gives proof that our men have always been handsome and debonaire!

1985 Honor Roll of Contributors

Brothers, it's always a great thrill when there are so many names on the final Honor Roll of any given year that it takes up the entire back page of a newsletter! The 197 brothers whose names appear below can feel very proud to be a part of a phenomenal record-breaking year in alumni contributions to this communications program. Your efforts have netted \$6,017.76 for use in publishing the alumni newsletter and for other alumni functions. All classes from 1917 through 1984 are represented below except nine. That means brothers from 59 classes have shown their appreciation and support for alumni communications. Thank you so much for your generosity. The 1986 program begins with this issue of *The Sigma Tattler* and we look forward to another great year of keeping in touch and supporting Sigma Chapter.
